Adhesive (0172)

VELCOIN®

brand pre-formed dots are handy for a multitude of uses. Just peel them off & stick them on. Great for smaller, indoor fastening jobs.

Ideal for:

- Holding up tools, posters, pictures, etc.
- Commercial applications, e.g. holding sizing pads inside bicycle helmets.
- Holding car mats in place.
- Locating appliances, lights, etc.
- Display systems
- Stationery systems

Cutting service available:

Packaging: 16mm: 23 metre rolls (approx. 1200 VELCOIN® brand dots).
22mm: 23 metre rolls (approx. 900 VELCOIN® brand dots).

VELCOIN®

Self-adhesive VELCOIN® brand pre-formed dots can be bonded to a wide range of items, for a wide range of purposes. For example, fastening or displaying:

- product samples
- demonstration items
- merchandise units
- office items
- tools & folders
- packaging
- posters
- notices ... and many other uses ...

Just apply some VELCOIN® brand dots and some imagination to your, smaller, fastening problems ...and you'll have your perfect solution.

For Best Results

- Surface should be clean, dry and free of oils.
- Use clean wiping material with isopropyl alcohol (rubbing alcohol) to free surface of contaminants and allow to dry.
- Peel release liner from back of tape and apply. Be careful not to touch adhesive with your fingers.
- If adhesive must be applied at temperatures lower than 18°C, warm substrate and the tape to elevate temperature prior to applying. This may help bond cure.
- Allow 24 hours for full bond strength. VELCOIN® brand dots will bond to most metals, glass, wood, card, ceramics and plastics.

For information regarding adhesive & substrate compatibility, refer to Velcro Australia's "Adhesive Guide".
